

YEAR 10

(Examination Series Summer 2018)

Course Information

Spring 2017*

Subject:	English/English Language
Exam Board:	Eduqas

Date of exam:	June 2018
Tier:	No tier
Paper Number:	Component One
Length of exam:	1 hour 45 minutes
Content of paper, topics, unit titles, focus of questions, other relevant information:	Reading and understanding one prose extract of literature from the 20 th century assessed through a range of structured questions Prose Writing One creative task selected from a choice of four titles

Date of exam:	June 2018
Tier:	No tier
Paper Number:	Component 2
Length of exam:	2 hours
Content of paper, topics, unit titles, focus of questions, other relevant information:	19 th and 21 st Century Non-Fiction Reading and Transactional/Persuasive Writing 40 marks

*Please note all exam dates are provisional and subject to change

Subject:	English Literature
Exam Board:	Eduqas

Date of exam:	May 2018
Tier:	No tier
Paper Number:	Component 1 Shakespeare and Poetry
Length of exam:	2 hours
Content of paper, topics, unit titles, focus of questions, other relevant information:	<u>Section A – 1 hour - 20%</u> Close reading of an extract from set text Extended essay on set text <u>Section B – 1 hour – 20%</u> Two questions based on poems from the WJEC Eduqa Poetry Anthology

Date of exam:	May 2018
Tier:	No tier
Paper Number:	Unit 2
Length of exam:	2 hours
Content of paper, topics, unit titles, focus of questions, other relevant information:	<u>Section A</u> Close reading of an extract from set text <u>Section B</u> Extended essay on set text) One source based question <u>Section C</u> Unseen Poetry from the 20 th /21 st Century

*Please note all exam dates are provisional and subject to change

Subject:	Mathematics	
Exam Syllabus	AQA (New Spec)	
Date of exam:	Paper 1 - May 2018 (TBC) (non-calculator) Paper 2 - June 2018 (TBC) (calculator) Paper 3 - June 2018 (TBC) (calculator)	
Tier:	Higher	Foundation
Paper Number:	8300H	8300F
Length of exam:	All papers are 1 hour 30 minutes	All papers are 1 hour 30 minutes
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p>Both Paper 1, 2 and 3 could assess understanding of any Mathematics skill from the GCSE curriculum – either higher or foundation.</p> <p>The Higher tier exam ranges from Grades 4 to 9 The Foundation tier exam ranges from Grade 1 to 5</p> <p>The most effective way of revising for a Maths exam is to answer Maths questions. If a student identifies a question they cannot answer they should endeavor to find a solution using notes, online resources or asking a Maths teacher. They should then attempt to answer similar questions to ensure understanding/knowledge is secure.</p> <p>Students have full access to both www.mymaths.co.uk, www.mathswatchvle.com and can download and use the PiXL Maths app. They all have individual login details for these resources that they can get from their teacher.</p> <p>CGP Revision guides for both Higher and Foundation tier can be purchased from student services for £2.</p> <p>All students must be equipped with their own calculator for all Maths lessons between now and the exams – we recommend the Casio fx-83 that can be purchased for £6 from student services.</p> <p>The Maths department will provide students with a range of GCSE exam question booklets/full exam papers to complete in during Year 11. This will develop confidence and improve exam technique.</p> <p>Please support your child by ensuring they are answering lots of Maths questions as part of their revision and keeping up with a revision schedule that reviews their understanding of all GCSE Maths skills.</p>	

*Please note all exam dates are provisional and subject to change

Subject:	Science	
-----------------	----------------	--

Exam Syllabus	AQA Combined Science : Trilogy (2 grades)	AQA Separate Science: Biology, Chemistry & Physics (3 grades)

Subject:	Business Studies
Exam Syllabus	OCR Business Studies (J253)

Date of exams:	Summer 2018
Tier:	All students sit one tier of entry
Paper Number:	A292 Business and People 1hr 2018 A293: Production, Finance and the External Business Environment 1hr 30 min
Length of exams:	A292 Business and People 1hr A293: Production, Finance and the External Business Environment 1hr 30 min
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p>A292 Business and People This question paper consists of two short-answer, data-response questions Candidates answer both questions. This unit is externally assessed. The unit focuses on elements such as marketing, ownership structure and human resource management.</p> <p>A293: Production, Finance and the External Business Environment This question paper consists of three short-answer, data-response questions. The pre-released case study stimulus material is made available by OCR. A clear copy of the case study will be issued to candidates with the question paper. Candidates answer all three questions. This unit is externally assessed. This unit focuses on elements such as Production methods, efficiency, Costs, Revenues, Profits, Break even and acting sustainably within the wider environment.</p>
Coursework still to be completed:	Yes (A291)
Date for coursework completion:	February 2018

*Please note all exam dates are provisional and subject to change

Subject:	Food Preparation and Nutrition
Exam Syllabus	AQA Food Preparation and Nutrition (8585)
Date of exam:	Summer 2018
Tier:	All students sit one tier of entry
Paper Number:	85851
Length of exam:	1 hour 45 minutes
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p><u>Paper 1: Food preparation and Nutrition</u></p> <p><u>What's Assessed:</u> Theoretical knowledge of food preparation and nutrition from Sections 1 to 5.</p> <ol style="list-style-type: none"> 1) Food, nutrition and health 2) Food science 3) Food safety 4) Food choice 5) Food provenance. <p><u>How it's Assessed:</u></p> <p>Written exam: 1 hour 45 minutes 100 marks 50 % of GCSE</p> <p>Questions: Multiple choice questions (20 marks) Five questions, each with a number of sub questions (80 marks)</p> <p>The other 50% of the marks will be assessed through 2 x Non- exam assessments (NEA)</p> <p><u>Task 1: Food investigation (30 marks) – Task released September 2017</u> <u>Task 2: Food preparation assessment (70 marks) – Task released November 2017</u></p>

*Please note all exam dates are provisional and subject to change

Subject:	Graphic Products
Exam Syllabus	Edexcel CiDA (Certificate in Digital application)
Date of exam:	DA201 (Web Design) 9-12 th May 2017 DA201 (re-sits if required) May 2018
Tier:	All students sit one tier of entry
Paper Number:	DA201; DA203
Length of exam:	2 ½ hours
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p>External Assessment: DA201 Practical Examination The practical examination for this unit is set and marked by Pearson, and lasts two and a half hours. Candidates are expected to use web authoring and other software tools to build and test a web-based product.</p> <p>Internal Assessment: DA203 Summative Project There is one Summative Project Brief (SPB) for each optional unit. The Summative Project is an assessed piece of synoptic work that learners produce to demonstrate the knowledge, skills and understanding they have acquired throughout the unit. Summative Project Briefs are set by Pearson, administered and marked by the centre, and moderated by Pearson.</p>
Coursework still to be completed:	Yes
Date for coursework completion:	DA203 12 th February 2018

*Please note all exam dates are provisional and subject to change

Subject:	ICT
Exam Syllabus	EDEXCEL

Course Content:	<p>This GCSE is made up of two units to give a Single Award GCSE. It has one exam paper, Living in a Digital World worth 40% of the total marks, and one controlled assessment, Using Digital Tools (coursework) work 60%.</p> <p>Unit 1 – students explore how digital technology impacts on the lives of individuals, organisation and society. Students learn about current and emerging digital technologies and the issues raised by their use in a range of contexts.</p> <p>Unit 2 – This is a practical unit. They work with a range of digital tools and techniques to produce effective ICT solutions in a range of contexts.</p>

Subject:	Computer Science
Exam Syllabus	OCR Computer Science (J276)
Date of exam:	Summer 2018
Tier:	All students sit one tier of entry
Paper Number:	J276/01; J276/02; J276/03/04
Length of exam:	1 ½ hour for each paper
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p>External Assessment: Computer systems (J276/01) This component will introduce learners to the Central Processing Unit (CPU), computer memory and storage, wired and wireless networks, network topologies, system security and system software. It is expected that learners will become familiar with the impact of Computer Science in a global context through the study of the ethical, legal, cultural and environmental concerns associated with Computer Science.</p> <p>External Assessment: Computational thinking, algorithms and programming (J276/02) This component incorporates and builds on the knowledge and understanding gained in Component 01, encouraging learners to apply this knowledge and understanding using computational thinking. Learners will be introduced to algorithms and programming, learning about programming techniques, how to produce robust programs, computational logic, translators and facilities of computing languages and data representation. Learners will become familiar with computing related mathematics.</p> <p>Internal Assessment: Programming Project (J276/03/04) The tasks will provide opportunities for the learners to demonstrate their practical ability to create a solution for a specific task using a high level programming level.</p>
Coursework still to be completed:	Yes
Date for coursework completion:	Tasks are released in Year 11. Must be submitted by May 2017.

*Please note all exam dates are provisional and subject to change

Subject:	Resistant Materials
Exam Syllabus	AQA Design & Technology (Resistant Materials)
Date of exam:	Summer 2018
Tier:	All students sit one tier of entry
Paper Number:	45601
Length of exam:	2 hours
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p>SECTION A (30 marks) This section requires students to come up with design and development ideas based upon the theme of:- <i>The transporting and holding of small items.</i> <i>The 'Art Deco' style.</i> Students should research this subject area and come up with some design ideas prior to the exam. Preparation materials cannot be taken into the exam itself.</p> <p>SECTION B (90 marks) This section contains a range of design and technology questions: materials, manufacture, processes, health and safety.</p> <p>Students are required to attend all lessons up until their exam. The teacher will take them through a series of planned preparation exercises to help them interpret the exam questions and prepare model answers. Teachers will be adding resources and videos to the remote desktop T: drive regularly. The D&T department has invested heavily to support students. Students will find a wealth of support materials on www.technologystudent.com and bbc.bitesize. as well as after school sessions which are run by staff to provide students with the opportunity to ask questions and further the development of their subject knowledge.</p>
Content of paper, topics, unit titles, focus of questions, other relevant information:	<p><u>Candidates are expected to show their understanding of:</u></p> <ul style="list-style-type: none"> · the physical and mechanical properties of a range of materials and components · the broader issues for the designer including the environmental sustainability of products and their manufacture · methods in which materials and components can be manipulated to manufacture products · health and safety issues relevant to working with materials · computer aided design and computer aided manufacture (CAD/CAM) · ergonomics and anthropometrics, inclusive design and consumer safety · the life cycle of products including manufacture, use and functional aspects and final disposal
