Dear Parents/Carer,

Road Map Letter

We have already completed a half term of Year 11 and more students are working hard to ensure they are in the best possible position for the summer exams.

I have included in this letter a Year 11 roadmap of important dates and information points for the rest of the year. There are three clear phases that students and staff use throughout the year and these are colour coded on the roadmap.

Preparation Phase- Students and teachers use language and activities/situations to prepare the students mind and body ready for the start of the Planning Phase, which starts after Christmas.

The Planning Phase is a 10 week phase where students will be gathering information about how they learn best, in order to revise with the most impact. This will allow them to be fully prepared for the **Training Phase**. This phase leads us up to the summer exams, students will be consolidating their learning by completing past papers, looking at mark schemes and practicing key skills ready for the exam.

Students and teachers will be using this language daily in school and we wanted to share this with you so you can be engaging in this at home.

If you have any further questions regarding the roadmap, please feel free to contact your child's form tutor.

We will be having a Parent Event, whereby you can gain knowledge and understanding of how to best support your child, on the 17th January at the Marches School, with a specialist outside speaker. I do hope you can all attend.

Many Thanks

S Newey

Mrs S E Newey
