

## E-Safety – Parent guide to Overwatch

Overwatch is a team based online multi player game. This is not a new game, released back in 2016

it currently has a rating of 12 years and above. The game is available on a number of platforms including PlayStation, Nintendo Switch, Xbox and PC. Players have a choice of character to play each from various roles of Offence, Defence, Tank or support. As with any online game there are concern that parents and guardians should be aware of, such as talking to strangers on line (so potential exposure to bad language), the mature nature of the game, purchasing of add-ins and potential addiction to the game itself. [This link](#) provides a comprehensive guide with tips explaining how to monitor their gaming habits.
