

Marches MFL

Can you recreate either the Eiffel Tower or La Sagrada Familia, using classroom or household objects?

Use these examples from another school to help you!

You could use cardboard boxes, tins, jenga, lego or anything else you can think of!

Take a photo of your creation, along with **five** facts you have found about the famous landmark. There will be a prize available for the most creative entry.

Send your entries to kemble.m@mar.mmat.org.uk by 11th June
Buena suerte y bonne chance!
