

### Dear Families,

This is the last bulletin of the year and what a year we have had! There has been so much to celebrate and so many different experiences that our children have enjoyed. What makes me so incredibly proud and happy to work in such an amazing community is our children. What we need to celebrate most is the character they show *each and every* day. Our children live and breathe our values, they really do show Empathy, Integrity and treat each other with kindness. Occasionally they get things wrong, of course, they are teenagers, but we will always work with them in a proactive and restorative manner to help them learn from their mistakes. It is part of growing up.

I want to take this opportunity to thank you all for your ongoing support and for trusting us to play such an important part in your child's life. We really do value the relationship we have with families. Have a lovely summer and we are looking forward to an exciting year next year.

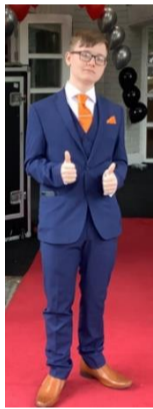

Hello! One Voice here again. As the Summer Holidays are coming up, there is a website we thought would be helpful for you, which includes a personalised page on how to manage young people's mental wellbeing during our well-deserved break. A loss of routine can be overwhelming to some of us, and we would like to make sure that you feel you are able to rest and enjoy the holidays doing whatever you decide to spend your free time participating in. Not only this, but the Summer Holidays can be a very positive time to take a moment of care for us and our busy brains, which is why this website page is so important. More information can be found on the "Family Matters UK" website which we hope can provide you with the correct support and guidance. **HAVE A GREAT
