Working Towards	Expected Standard	Reaching Greater Depth
-----------------	-------------------	------------------------

To achieve 'Greater Depth' you will be able to...	GD
GD1. Suggest and evaluate reasons for population distribution trends	
GD2. Explain biome adaptations	
GD3. Evaluate response effort to the Turkey-Syria earthquake	
GD4. Consider the link between oil production and a country's level of development	
GD5. Critically assess the implications of conflict in the Middle East for future development	
GD6. Consider how Dubai should adapt to ensure future sustainability
