

Year 9: Curious Incident of the Dog in the Nighttime

Key term	Definition
Stage Type	How a stage and its audience is laid out
Gobo	A stencil placed over a light, which is projected onto the stage.
Diegetic	A sound effect that happens live on stage, that the actors can hear and interact with
Non-Diegetic	A sound effect that is for the <u>audiences</u> benefit. Actors cannot interact with it.
Costume	Clothing that actors wear, which adds to their character.
Barndoor	An accessory attached to the front of a light, which consists of four hinged, adjustable flaps, that can be moved inward to control the shape and direction of the light.
