Topic: Year 9 Unit 2 Digital media project

I should be working at:	ES	GD
--------------------------------	-----------	-----------

Standard	Working towards	Expected standard
<i>ES1 - I can produce a plan of my digital product</i>	The plan is incomplete and lacks clear details.	The plan is detailed and outlines all necessary steps for the project.
<i>ES2 - I can create a workplan with appropriate time scales</i>	The workplan has vague time frames and does not cover all tasks.	The workplan includes specific time scales for each task and is well-organized.
<i>ES3 - I can use standard graphic software tools such as select, crop, move, resize, change colour</i>	Basic tools are used but not effectively or consistently.	Standard tools are used skillfully to enhance the project.
<i>ES5 - I can use advanced graphic software tools such as layers, blur, brightness, contrast, merge, background remover</i>	Some advanced tools are attempted but not used correctly.	Advanced tools are used effectively to improve the quality of the project.
<i>ES6 - I can create a sources table and state where they have come from</i>	The sources table is missing or contains incomplete information.	The sources table is complete and accurately lists all sources used.
Standard	Working towards greater depth	Greater depth met

Standard	Working towards	Expected standard
<i>GD1 -I can create a sources table and state where they have come from and the legal status</i>	The sources table lacks legal status information and is not fully detailed.	The sources table is comprehensive, including sources and their legal statuses.
<i>GD2 - I can produce an evaluation and explain how I could improve my project</i>	The evaluation is brief and does not clearly explain improvements.	The evaluation is thorough and provides clear suggestions for future improvements.
