Topic: Year 9 Unit 1 Online safety and coding

I should be working at: **ES** **GD** ,

Standard	Working towards	Expected standard
ES1 - I can define copyright and plagiarism	I can give a basic idea of copyright and plagiarism.	I can clearly explain what copyright and plagiarism are and give examples.
ES2 - I can write and execute an input and print statement	I can attempt to write an input or print statement, but it may not work.	I can successfully write and execute both an input statement and a print statement.
ES3 - I can create and use variables in my program	I can create a variable, but I may not use it correctly in my program.	I can create and correctly use variables in my program to store data.
ES4 - I can create and use logical operators in my program	I can identify logical operators but struggle to use them in my code.	I can effectively create and use logical operators in my program.
ES5 - I can assign the correct data types in my program	I can assign data types, but I may make mistakes.	I can accurately assign the correct data types in my program.
Standard	Working towards greater depth	Greater depth met
GD1 - I can apply the knowledge of copyright and plagiarism	I can mention copyright and plagiarism, but I don't apply it well.	I can effectively apply my knowledge of copyright and plagiarism in my work.
GD2 - I can create a working solution without assistance	I can start creating a solution, but I need help to finish it.	I can independently create a working solution to the problem.
