Topic: Year 9 Unit 2 Digital media project

I should be working at:

ES

GD

Standard	Working towards	Expected standard
<i>ES1 - I can produce a plan of my digital product</i>	The plan is incomplete and lacks clear details.	The plan is detailed and outlines all necessary steps for the project.
<i>ES2 - I can create a workplan with appropriate time scales</i>	The workplan has vague time frames and does not cover all tasks.	The workplan includes specific time scales for each task and is well-organized.
<i>ES3 - I can use standard graphic software tools such as select, crop, move, resize, change colour</i>	Basic tools are used but not effectively or consistently.	Standard tools are used skilfully to enhance the project.
<i>ES5 - I can use advanced graphic software tools such as layers, blur, brightness, contrast, merge, background remover</i>	Some advanced tools are attempted but not used correctly.	Advanced tools are used effectively to improve the quality of the project.
<i>ES6 - I can create a sources table and state where they have come from</i>	The sources table is missing or contains incomplete information.	The sources table is complete and accurately lists all sources used.
Standard	Working towards greater depth	Greater depth met
<i>GD1 - I can create a sources table and state where they have come from and the legal status</i>	The sources table lacks legal status information and is not fully detailed.	The sources table is comprehensive, including sources and their legal statuses.
<i>GD2 - I can produce an evaluation and explain how I could improve my project</i>	The evaluation is brief and does not clearly explain improvements.	The evaluation is thorough and provides clear suggestion for future improvements.
