Topic: Year 9 unit 5 web design

I should be working at: **ES** **GD**

Standard	Working towards	Expected standard
ES1: I can build a website that has a minimum of FIVE pages	The website has fewer than five pages or lacks clear organization.	The website includes five or more well-organized pages with relevant content.
ES2: I can add images and navigation bars to each page	Some pages may be missing images or a navigation bar.	Each page features appropriate images and a functional navigation bar.
ES3: I can add interactive elements such as roll over images, photo gallery, videos and email links	The website has few or no interactive elements included.	The website includes multiple interactive elements that enhance user engagement.
ES5: I can publish the website into a HTML format	The website is not published correctly or is not accessible online.	The website is successfully published in HTML format and is accessible online.
Standard	Working towards greater depth	Greater depth met
GD1: I can evaluate my design and explain how it meets the client brief	The evaluation is vague or does not address the client's needs.	A clear evaluation is provided, explaining how the design meets the client's needs.
GD2: I can give detailed suggestions for improvements	Suggestions for improvement are minimal or unclear.	Detailed and constructive suggestions for improvement are provided.
